

PRIVATE CLIENT  
*Photography*

# WHAT IS PRIVATE CLIENT PHOTOGRAPHY?

*Horse shows are about SO much more than your time spent inside the arena.*

*Showing is about connection, friendship, determination; the bond between horse and human, & I just don't believe that one great shot over fences sums up the memories of a horse show.*

*I want to tell the entire story of your show experience so you can look back years from now and remember the entire day, not just one jump. I will be an extra member of your team, there with my camera to capture warm ups, candid, & images in the ring. I'll be cheering you on and ready with an extra set of hands when you need that last boot dust off before entering the ring!*

# FAQS

## **Q: When will I receive my images?**

*A: 99% of the time you will receive your images the same day, typically by 10PM. Occasionally things are running behind, but you will always receive them by the following day at the very latest.*

## **Q: When is payment due?**

*A: Payment is due the week before the show. You will receive an invoice via email. I have to submit a client list & pay for photography credentials the Monday prior to the show beginning, so payment is non-refundable.*

## **Q: Will you capture every one of my rounds?**

*A: I do my absolute best to capture every warm up and every round, but occasionally ring conflicts do happen. I will always prioritize the person who has not had any images taken yet that day and/or only has one class to show in. Either way, you can expect an album full of memories to cherish forever and one round won't be missed too much!*

## **Q: If I'm not showing one of the days, can we do a few candids or photos of my lesson/hack?**

*A: Absolutely! I love getting shots outside of the ring and am happy to use a non-showing day to capture you in your element. Priority will always be given to those showing that day so scheduling will have to be flexible and worked around class times.*

## **Q: Am I allowed to print the images or do I have to pay separately for that?**

*A: You are able to print your images directly from the online gallery you will receive via email. I offer a wide variety of print materials and sizes! If you have a printing service you already use and love, you are allowed to print these images at no extra cost. You will receive the full resolution images with no watermark, so they are yours to enjoy however you please!*

# INVESTMENT
